

Happy September 1st!

We hope this message finds you healthy and ready to run on Saturday morning. The weather has been quite nice in the Tetons this week, if not a bit too warm. However, the weekend looks like it will bring wonderful running conditions with the temperatures dropping for race day. The best news is that the nearby fires have calmed down a bit and the skies have cleared. Some last minute reminders for the event:

PACKET PICK-UP

Participants are welcome to pick up race numbers tomorrow, Friday, September 2nd from 1:30pm until 9:30pm at the Jackson Hole Chamber of Commerce (112 Center St., Jackson, WY 83001). As a reminder, arriving early isn't a great idea because the timing company will not be set-up until 1:30pm (since they travel a long distance to arrive in Jackson). If your travel plans are delayed and you are unable to make it to packet pick-up during those hours, please go directly to your race starting line on Saturday morning. Alternatively, a friend can pick-up race numbers...just shoot them a note that they can present to the volunteers.

START TIMES

All races start at 7am on Saturday, September 3rd. The **Full Marathon and Memorial Relay** start near the Town Square, on Center Street, in downtown Jackson Hole (very close to the packet pick-up location at the Jackson Hole Chamber of Commerce). The **Hole Half-Marathon** starts outside of Town, just off of Hwy 22 on Coyote Canyon Road, on the campus of the Journeys School of the Teton Science Schools.

RACE MORNING SHUTTLES

Please be sure to know where you need to be, and at what time, on race morning. Check the [SCHEDULE OF EVENTS](#) or [PARKING & SHUTTLES](#) pages for details on race morning shuttles to each starting line or information on getting to the starting line of your race. ****IMPORTANT for Half-Marathon participants: note the first shuttle departure time is now scheduled for 5:45am (instead of 5:40am).****

WEATHER

As mentioned above, the weather forecast for Saturday looks good. Please remember to wear an extra layer (or two) as the morning temperatures can be chilly. Visit [MOUNTAIN WEATHER](#) for the most accurate local forecast, keeping in mind that weather in the Tetons can change instantly. If needed, use the bags provided at race check-in to send a change of clothing to the finish line (but please keep valuable items with you).

SAFETY

Please be safe on the course, being sure to look when passing other runners or crossing intersections and cross walks. The Pathway system is open to the public throughout the day. We ask that you deposit any trash (or extra clothing) at the aid stations along the course and/or the Start and Finish Lines.

NEWS & UPDATES

Be sure to keep checking the [NEWS & UPDATES](#) page on the race website, or our Facebook page, for any last minute instructions.

Have fun and be sure to "look up" while on the course...the views in the area are spectacular! Safe travels and see you soon!
